Aerion Appoints Equus as Authorized Sales Representative

Reno, NV – August 10, 2015 Aerion Corporation, the leader in commercial supersonic technology, announces the appointment of Equus Global Aviation as its exclusive authorized sales representative for Central and South America, parts of the Caribbean, and Mexico.

Based in South Florida, the firm specializes in the purchase and sale of new and pre-owned large-cabin, long-range business jets. It's three partners, Richard Laggan, Sherry Cannon, and Gary Anzalone, have collectively completed more than \$4 billion in business aircraft transactions, and have arranged structured financing for many of these sales.

"The Equus team brings exceptional experience and international know-how to the Aerion sales organization. We are delighted to welcome them aboard," said Ernie Edwards, Aerion's chief commercial officer. "Equus well understands the needs of global travelers, and brings passion, as well as great technical knowledge, to the task of introducing the tremendous time-saving advantages of the AS2 to Latin American markets."

"The AS2 will help our clients bridge oceans and continents as no other aircraft can," said Equus Managing Partner Richard Laggan. "We cannot imagine representing a more exciting, groundbreaking product. And we know our clients will share that excitement."

About Aerion Corporation

Aerion Corporation of Reno, Nevada, was formed in 2002 to introduce a new era of practical and efficient supersonic flight. Over more than a decade, Aerion has demonstrated advanced wing technology in conjunction with NASA and other leading aeronautical institutions. This research includes breakthrough work in the

area of supersonic natural laminar flow, the key enabling technology behind the company's AS2 business jet. More information can be found at www.aerionsupersonic.com.
